CONGRESS SHOULD SUPPORT ETHANOL PRODUCTION

HON. DANNY K. DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Monday, July 19, 2010

Mr. DAVIS of Illinois. Madam Speaker, Members of Congress are working to remedy the current economic imbalance, immense unemployment, job creation and both domestic and international energy-based issues. As we look to the future; we must confront the many dimensions of these complex needs responsibly, to create solutions that will have a lasting positive benefit for America. I believe investing in renewable energy sources, including ethanol is an efficient and effective stimulus. Ethanol serves as an aid to meet energy policy goals by promoting domestic production of renewable energy, reducing greenhouse gas emissions and providing financial support for the agriculture sector.

Nationwide, ethanol has increased tax revenues for both State and local governments by over \$5 billion. Ethanol production and use today reduces greenhouse gas emissions compared to gasoline by 59 percent. Accord-

ing to the Congressional Budget Office report as of this July, the Argonne National Lab concluded corn-based ethanol produced 20 percent less greenhouse gas emissions in its life cycle compared to gasoline and petroleum diesel. Ethanol production contributed \$53.3 billion to the nation's Gross Domestic Product and created over 200,000 jobs in all sectors of the economy. The State of Illinois produces over 1.5 billion gallons of ethanol annually and is ranked third in ethanol production with 14 facilities. Just as ethanol has been a valuable tool for the State of Illinois, I strongly believe support for this renewable energy source can be a great benefit for the Nation.

Our current state of our economy is not sustainable. It is imperative we structure our energy infrastructure in a sustainable manner while simultaneously reducing our greenhouse gas emissions. Investing in ethanol and other renewable energy sources are an important piece of our Nation's economic and energy future.

RECOGNIZING CENTREVILLE, VA, FOR BEING NAMED ONE OF MONEY MAGAZINE'S "BEST PLACES TO LIVE 2010"

HON. GERALD E. CONNOLLY

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Monday, July 19, 2010

Mr. CONNOLLY of Virginia. Madam Speaker, I rise today, along with my colleague Rep. FRANK WOLF, to recognize the community of Centreville, VA, for recently being named one of Money Magazine's "Best Places to Live 2010." Centreville ranked number 30 among 100 small communities named best for families.

Money compiled its list of "Best Places to Live 2010" after reviewing hundreds of small communities across the United States with populations between 50,000 and 300,000 for family-friendly qualities. Economic strength, the quality of the schools, availability of affordable housing, overall safety, and community spirit were among the factors used to evaluate each city's quality of life. As one of the top 30 cities on the list, Centreville passed four rounds of appraisal, including one in which appraisers visited the community to form personal impressions and to interview its residents.

Centreville ranked highest amongst the four Virginia communities named to the list. The others were Alexandria, VA, at number 47, Chesapeake, VA, at number 85, and Suffolk, VA, at number 91. Location figured prominently in Centreville's ranking, as its 54,000 residents are in close proximity to our nation's capital and local attractions such as the National Air and Space Museum at Dulles International Airport, Manassas National Battlefield Park and the Bull Run and Shenandoah Mountains.

Madam Speaker, we ask that our colleagues join us in congratulating Centreville on
